Experience

Aberdeenshire Council

March 2023 - August 2023

I have done a few weeks of work experience at the Council's vehicle depots in Stonehaven and Aboyne, where I helped maintain the fleet of vehicles and tools. I worked with the other mechanics helping conduct MOT's, servicing vans, trucks, buses, and small plant machines.

Reed Detailing
2021

April 2020 - March

I was asked by a family friend to help out in his car valeting business, where there was a mixture of travelling from job to job or customers would come to us at the garage. I enjoyed the attention to detail and seeing the transformation of the vehicles.

Skills

- Driving: Valid UK provisional driving licence. Small tractor and trailer.
- Technology/IT: Experienced with multiple operating systems and well adapted with web/cloud services.
- Woodworking: Complex and detailed pieces. eg. dovetail bench.
- Metalwork: Shaping, bending, cutting and welding.
- Mechanical: Repairing bikes, cars and trucks.
- Electrical: 230v and 12v circuits and appliances.

Education

Camphill Rudolf Steiner School Aberdeen

September 2018 - Present
